HTCC Treasurer

Building Bridges Editor

Welcome

Welcome to the 24th annual Building Bridges Research Conference. The Honors Transfer Council of California, in partnership with the University of California, Riverside, is honored to be part of this conference, which highlights the research produced by community college honors students from across the state of California. This conference started over two decades ago with a small number of presentations by students from a handful of colleges. It has grown over the years in size and quality, and today we welcome hundreds of students, faculty, administrators, and guests to participate in a community of learning and to celebrate the academic accomplishments of our presenters. We are thrilled to form a new partnership with UC Riverside and are grateful to our hosts for this opportunity to showcase the research of honors community college students from across the state of California.

Today you will hear about innovative research from a wide array of disciplines. This conference is a unique opportunity to attend presentations and participate in discussions not only in your own area of specialization, but also in academic fields with which you are less familiar. In the spirit of honors education that embraces intellectual discovery and supporting interdisciplinary approaches to research, learning, and problem solving, we invite you to attend a diversity of sessions that are listed in this program. We hope you will come away from the conference enriched with knowledge you may not have otherwise obtained. Please also be sure to attend the closing plenary session of the conference, where prizes will be awarded to students with outstanding abstracts and posters and to students who have demonstrated outstanding growth and academic success through their involvement in their community college's honors program.

As honors students, you represent some of the best qualities of your respective colleges, reflecting not only your own hard work and academic excellence but also the teaching and mentoring of those who have made a difference in your life. We hope you will embrace your role as an unofficial ambassador of your school, network with honors students from other institutions, and take a few minutes to walk around and experience the UCR campus once the conference is over as you consider your future transfer options.

From all the members of the Honors Transfer Council of California, we wish you an educational and enjoyable conference.

Christina Yamanaka-Vu

President, Honors Transfer Council of California

Professor of History and Honors Program Co-Director, Mt. San Jacinto College

Erik Ozolins

Vice President and Conference Chair, Honors Transfer Council of California

Professor of Anthropology and Honors Program Co-Director, Mt. San Jacinto College

Gratitude and Thanks

The Honors Transfer Council of California is grateful to the administration and staff of the University of California, Riverside Honors Program for supporting this annual research conference. The commitment that UC Riverside has made to our organization and this conference is a strong testament of its support of California community colleges and transfer students.

We greatly appreciate the tremendous assistance of **Aaron J. Bushong**, Administrative Director of UC Riverside Honors; **Dr. Rich Cardullo**, Faculty Director of UC Riverside Honors; and **Jonah Myers** and **Veronica Zendejas** from the UC Riverside Office of Admissions.

We owe special thanks to the faculty who read and scored hundreds of abstracts over their winter “break”:

Amy Fredericks, Long Beach City College
Lauren Hofschneider, Los Angeles City College
Evan Kendall, Los Angeles City College
Melissa King, San Bernardino Valley College
Joel Lamore, San Bernardino Valley College
Emily Liu, Irvine Valley College
Anne Negus, Fullerton College
Kathy Patterson, Santa Ana College

Edward Pineda-Castro, Los Angeles City College
Michael Plotkin, Mt. San Jacinto College
Arej Qasqas, Citrus College
Melissa Rifino Juarez, Rio Hondo College
Stella Setka, West Los Angeles College
Madison Shockley, Mt. San Jacinto College
Jeff Wheeler, Long Beach City College
Christina Yamanaka-Vu, Mt. San Jacinto College

To the faculty who read and scored submissions for HTCC scholarships and abstract awards:

Tim Adell, Victor Valley College
Felipe Agredano, West Los Angeles College
Jeanene Ames, West Los Angeles College
Elena Avilés, West Los Angeles College
Holly Bailey-Hoffman, West Los Angeles College
Tiffany Lanois, West Los Angeles College
Jason Librande, West Los Angeles College
Rick Mayock, West Los Angeles College

Dominic Merkle, West Los Angeles College
Jennifer Ortiz, West Los Angeles College
Erik Ozolins, Mt. San Jacinto College
Sandra Ruiz, West Los Angeles College
Stella Setka, West Los Angeles College
Dave Smith, West Los Angeles College
Leslie Tejada, West Los Angeles College
Christina Yamanaka-Vu, Mt. San Jacinto College

And to the faculty judges who scored submissions for outstanding posters:

T.L. Brink, Crafton Hills College
Judy Cannon, Crafton Hills College
Steven Chang, LA Harbor College
Ryan Henderson, Mt. San Jacinto College
Michael Levine, San Bernardino Valley College
Jon Mochizuki, Orange Coast College

Anjeanette Oberg, Mt. San Jacinto College
Guck Ooi, Cerro Coso College
Michael Plotkin, Mt. San Jacinto College
Nick Reeves, Mt. San Jacinto College
Lindsay Weiler, Crafton Hills College

Gratitude and Thanks

Finally, special thanks goes to

Christina Yamanaka-Vu, whose leadership of HTCC enhances the quality of honors programs across the state.

Erik Ozolins for coordinating all the moving pieces of this conference.

Emily Liu for facilitating review of submitted abstracts and creating the conference program.

Ruth Blandón and Evan Kendall, who sent important communications to student researchers.

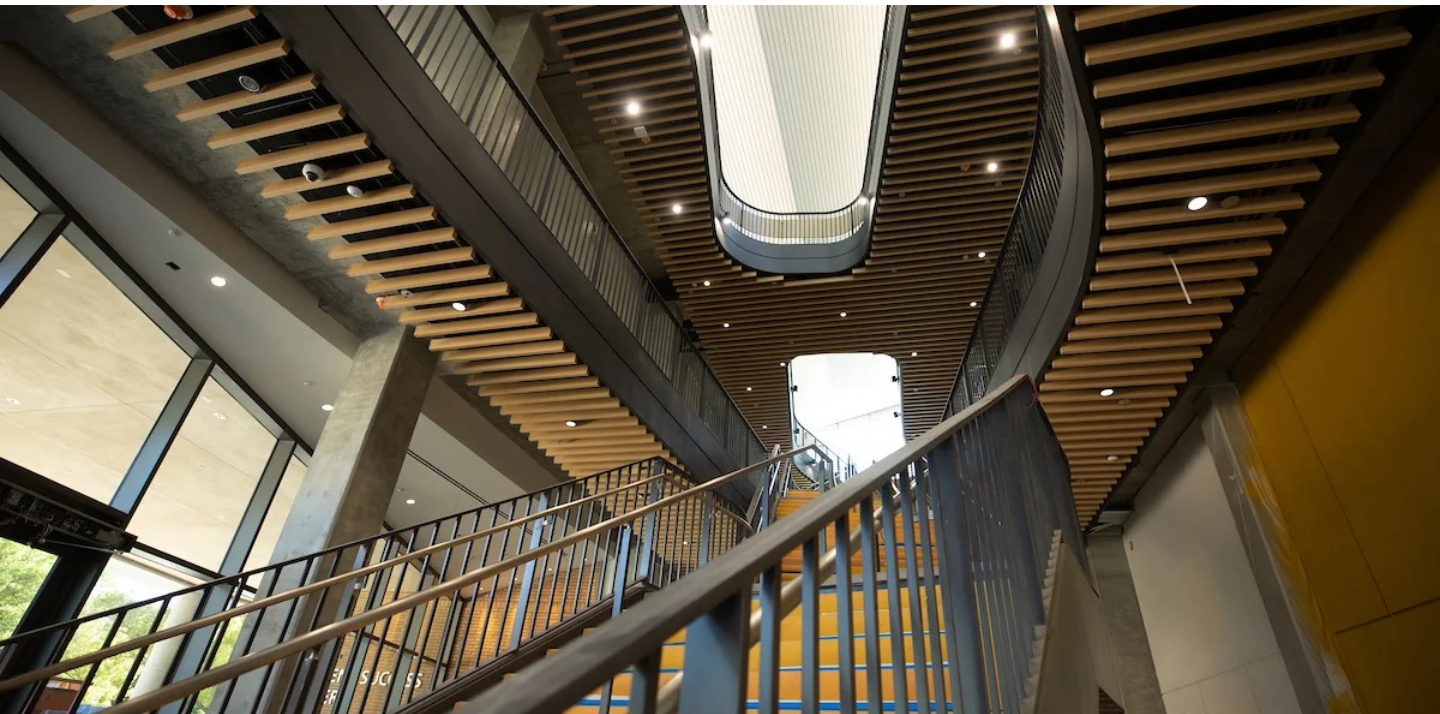

Judy Cannon for coordinating review of posters.

Stella Setka for facilitating review of scholarship and award applications.

Nathan Lopez for coordinating our student moderators.

Kathy Patterson for managing the conference registration desk.

Tim Adell, who will edit the 2024 edition of *Building Bridges* so that our students can share their research with the wider world.

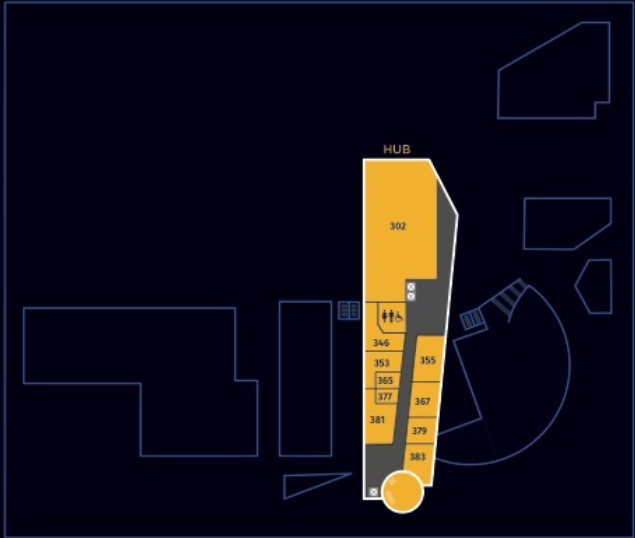

24th Annual Building Bridges Research Conference

PROGRAM

7:30-8:00	Registration	HUB 2 nd floor
	Breakfast	HUB 3 rd lobby
8:00-8:40	Opening Plenary	HUB 302
8:50-9:30	Poster Session A	SSC 1 st floor
9:35-10:15	Poster Session B	SSC 1 st floor
10:30-11:45	Oral Session 1	HUB and SSC classrooms
11:45-12:45	Lunch	HUB Plaza (by The Coffee Bean)
12:45-2:00	Oral Session 2	HUB and SSC classrooms
2:15-3:30	Oral Session 3	HUB and SSC classrooms
3:45-4:30	Closing Plenary / Awards	SSC 229

Poster Session A

8:50-9:30 am

SSC 1 st Floor		
A1	Alvaro Villareal Mt. San Jacinto College Mentor: Michael Plotkin	Tacky Tribulus Terrestris: A Spiky Weed's Growth in an Urban World A terror to the agriculture and shoes of Southern California, Tribulus terrestris' spread now faces herbivorous weevils, competition, and an increasingly urban environment.
A2	Fatemeh Aghasadeghhabbaz Mt. San Antonio College Mentor: Diana Churchill	Orientation of Argentine Ants in Response to Temperature Argentine ants, which are known for their widespread distribution and highly invasive nature, tend to have a preference for colder environments.
A3	Alfina Eull El Camino College Mentor: Karla Villatoro	Slimy Secrets: The Antimicrobial Potential of Slug Mucus While increasingly antibiotic-resistant bacteria pose a greater threat to humanity than ever, the mucus of slugs and the wider Mollusca phylum is a research avenue.
A4	Spencer Song Nicolas Lam Mt. San Antonio College Mentor: Diana Churchill	Alfalfa Seed Germination Unaffected by Scarification Non-scarified and scarified alfalfa seeds were planted and received high and low levels of water, which determined that scarification did not affect germination.
A5	Tan Loc (John) Huynh Kaden Vu Orange Coast College Mentor: Amy Hellman	Mitigation of Algal Blooms through Absorption of Phosphorus and Nitrogen by Clay and Sediments Research aims to curb algal blooms by exploring strategies to mitigate nutrient runoff. Examining effective measures for prevention to safeguard water ecosystems and promote environmental sustainability.
A6	Karen Salazar Cypress College Mentors: Kenneth Collins, Kathryn Sonne	The Flowering Plants of Oak Canyon Nature Center Suburban natural areas are essential to preserving biodiversity. Documenting, maintaining, and conserving regional richness and genetic diversity of native plant and animal populations is critical.
A7	Alayna Trejo Mt. San Antonio College Mentor: Daniel Tejada-Lunn	Investigating Novel Genes to Reduce Stomatal Density and Modify Epidermal Patterning The research examines the effects of novel gene knockdown on stomatal density in Setaria viridis and overexpression of genes on epidermal patterning in Saccharum officinarum.

Poster Session A

8:50-9:30 am

SSC 1 st Floor		
A8	Jaime Alvarez Fullerton College Mentor: Kris Pardo	Setting Constraints on Gravitational Waves using Hipparcos and Gaia EDR3 Astrometry Exploring gravitational waves' properties through astrometric techniques, focusing on supermassive black hole binaries' chirp mass and distance, using Hipparcos and Gaia EDR3 data.
A9	Analy Lopez West Los Angeles College Mentor: Joana Tavares-Reager	It's in the Air: The Devastating Effects of Air Pollution on Urban Communities of Color Using Southeast Los Angeles as a case study, my research examines the ways in which air pollution disproportionately impacts low-income communities in urban areas.
A10	Ibrahim Yaaseen El Camino College Mentor: Darcie McClelland	What is Mitochondrial DNA, and What is its Role in Health and Aging? What is Mitochondrial DNA, and why it is important? Should we be concerned about it, and how does it relate to aging?
A11	Audrey Qi Mt. San Antonio College Mentor: Diana Churchill	Background Noise Has No Effect on the Ability to Recall Information At a community college, different words and background noises were used to simulate a student studying; noises have no effect on cognitive ability and performance.
A12	Karla Tapia Ayala Crafton Hills College Mentor: T.L. Brink	Insomnia Medications: Patient Satisfaction with Melatonin and Benadryl This survey of WebMD insomnia patient evaluations found that Benadryl scored higher effectiveness and satisfaction compared to Melatonin. Effectiveness was the best predictor of satisfaction.
A13	Sara Sohaei Irvine Valley College Mentors: Dominick DiGiacomo, Deanna Scherger	The Screen of Comparison: Exploring the Effect of Social Media on Increasing Social Comparison and Its Link to Anxiety This study examines how using social media can create a social comparison issue which can leads to anxiety and depression among young users.
A14	Steven Chamul Mt. San Jacinto College Mentors: Michelle Vogel-Trautt, Nick Zappia	Confronting the impact of Social and Economic Conservatism on Depressive symptoms amongst California Community College Students Rising depression rates pose a critical public health concern for college students. This study explores the relationship between Social and Economic Conservatism and depressive symptoms.

Poster Session A

8:50-9:30 am

SSC 1st Floor

A15	<p>Joseph Awad Luis Guerrero-Escoto Mt. San Jacinto College Mentor: Nick Zappia</p>	<p>Assessing the Psychosocial & Demographical Determinants of Voter Willingness amongst California Community College Students: Exploring the Roles of Perceived Powerlessness, Hopelessness & Age</p> <p>A voting behavior study involving Mt. San Jacinto College students reveals a connection between mental health factors and voter turnout in the 2024 election.</p>
A16	<p>Jahan Mohazab-Hosseinian Darlene Yazan Aryan Saha Sofia Gabrielle Marin Irvine Valley College Mentor: Emily Liu</p>	<p>Greener Spaces for Greater Engagement: Community College Green Spaces and its Influence on School-Sponsored Event Participation</p> <p>This study analyzes college students' positive and negative sentiments towards outdoor green spaces and their impact on school-sponsored event participation on community college campuses.</p>
A17	<p>Sylvia Tsai Isabella Lu Irvine Valley College Mentor: Kari Tucker</p>	<p>Happiness and its Relationship to an Individual's Ability to Imagine Worse</p> <p>Investigate links between happiness, the ability to imagine worse, and anxiety. Ethical data collection reveals positive correlations, shedding light on well-being dynamics.</p>
A18	<p>Catherine Thai Mt. San Antonio College Mentor: Misty Kolchakian</p>	<p>Intergenerational Poverty and Wealth: How Nature and Nurture Shape Mindsets</p> <p>The research examines how nature and nurture shape mindsets around wealth and poverty across generations to inform policies supporting academic enrichment and community growth.</p>
A19	<p>Emma Varshochi Saddleback College Mentor: Tina Jenkins</p>	<p>Beyond the Prescription: A Closer Look at the Trade-offs of Antidepressant Medications</p> <p>This study reviews antidepressant effectiveness and risks, revealing mixed efficacy. Adolescents face increased suicide-related risks with SSRIs. Long-term impacts require further investigation for safer use.</p>
A20	<p>Caroline Mertens Saddleback College Mentor: Tina Jenkins</p>	<p>Chiari Type One - The Fairly Unknown Condition</p> <p>Discussion about a medical condition not normal known by physicians. Chiari Type one is a disability which can cause vestibular issues and much more.</p>

Poster Session A

8:50-9:30 am

SSC 1st Floor

A21	<p>Kristianna Trinidad Long Beach City College Mentor: Katie Heaton-Smith</p>	<p>“Alternative Lifestyles” and “Sexual Deviancies”: A Social-Psychological Analysis of Homophobic Rhetoric in Modern America</p> <p>The notion that homosexuality or “gay lifestyle” is a voluntary sexual deviancy rather than a complex identity is spearheaded by epistemic, existential, and social-psychological motivations.</p>
A22	<p>Yareni Pelayo Sanchez Leslie Constantino Emmanuel Palos Vanya Pizzaro San Bernardino Valley College Mentor: Priscilla Hernandez</p>	<p>Virtual Reality: A Look Into Social Problems</p> <p>Ethnographic research that aims to unpack the usage of Virtual Reality (VR) in exploring, understanding, and addressing social problems.</p>
A23	<p>Kamila Bustos El Camino College Mentor: Amy Himsel</p>	<p>Brain Candy: How Social Media is Rotting the Minds of Adolescents</p> <p>Psychologists have already seen a drastic change in mental well-being in teenagers today and studies suggest that social media plays a role.</p>
A24	<p>Taylor Montoya Rio Hondo College Mentor: Melissa Rifino Juarez</p>	<p>The Influence of Social Media Narratives on College Men</p> <p>Social media is tainting people’s views with countless videos talking negatively about women; men are not as easily influenced to believe the narrative.</p>
A25	<p>Maddie Paul Crafton Hills College Mentor: Heather Gilmore</p>	<p>Communication Lost in the Nonverbal Emoticon</p> <p>An assessment of emoji use shows how internet users of varying demographics interpret the functions of emojis, both isolated and in immediate verbal contexts.</p>

HTCC Director's Award

Every year, HTCC recognizes a former honors program leader for their contributions to community college honors education. The recipient of the Director's Award announces the first-place winner among the Outstanding Abstract Awards.

This year's Director's Award goes to Brian Waddington, Professor of History from Citrus College.

Brian Waddington, Citrus College

Brian Waddington was a community college student who went on to work as a college history professor for over 30 years. In addition to teaching, he has served in several leadership roles at Citrus College, including the advisor for the Native American Student Association (NASA), the co-advisor for the award winning PTK Honor Society Citrus chapter, and many years as the Honors Coordinator. He was honored to be able to work for over ten years in various capacities with members of the HTCC. During his time with the HTCC, he served as the webmaster, Conference Chair, and as President. He is remembered fondly as someone who could always be relied on for sound advice on how best to support students and Honors Directors. His legacy is reflected in the many students and faculty who he mentored and supported throughout the years. We are excited to acknowledge all his contributions to community college honors education by honoring him today with the Director's Award.

Closing Plenary / Awards

3:45-4:30 pm

SSC 229

Outstanding Poster Awards

Posters are judged on visual presentation, creativity, originality and reflection of sound scholarship. First, second, and third-place awards will be given for research posters in two categories, based on discipline.

Outstanding Abstract Awards

Outstanding abstract awards are presented to oral presenters who have submitted top-rated abstracts describing their research projects. The abstracts are judged on organization, quality of writing, and originality and importance of the research. The most highly ranked Outstanding Abstract earns the HTCC Director's Award.

HTCC Director's Award

The Honors Transfer Council of California confers its Directors Award annually to the student who has submitted the finest presentation abstract and has been judged as exemplifying the qualities of an outstanding honors student. The Director's Award is presented by a former honors program leader who HTCC recognizes for their contributions to community college honors education.

Exemplary Achievement Scholarships

The Honors Transfer Council of California gives awards to students graduating this year who show extraordinary achievement in scholarship, especially related to performance in an honors program. Students must be nominated by their honors director. These students display exceptional perseverance in overcoming obstacles to success in college or in an honors program. They have given outstanding service to their college or community or distinguished themselves as leaders in cultural or athletic activities. Finally, their application essays reveal a high quality of thought and expression.

Juan Lara Memorial Scholarship

Dr. Juan Lara created a scholarship to give special honor to a student who has overcome great financial, personal, cultural, or other obstacles to achieve significant success as an honors student. Candidates have been nominated by their honors directors for the Exemplary Achievement Scholarship. With this award, we also honor the memory of Juan Lara, former Assistant Vice Chancellor of UC Irvine, who was always a generous supporter of this conference and of our efforts to serve community college honors students. As an energetic and inspirational Director for the UCI Center for Educational Partnerships, Dr. Lara created opportunities for countless non-traditional students, leading them to seek – and attain – the highest success in their academic lives and career.

Conference Publication: *Building Bridges*

Every year, the HTCC publishes its award-winning abstracts as well as others submitted for publication. Submissions can be made after the conference during the spring semester. Contact Tim Adell at Tim.Adell@vvc.edu for information.

Final Thanks

We thank all of you who shared your research with us today! Thank you to our intrepid moderators, who made each session more welcoming and well managed. Thank you also to all students, faculty, and administrators who came to hear the best in community college research.
